

Yealink Phone Directory Lookup

DIRECTORY LOOKUP BASICS

- **The Directory, including Contacts and Recent Call History, are searchable.**
- **Dialing automatically searches and displays any matches for review or selection.**

From the Dial Pad:

1. Begin to enter the person's name or number.
A list of any matching contacts displays.
2. You may:
 - a. Dial the extension displayed to you and press **Send**, or
 - b. Select the desired contact in the list and press **Send** to connect a call.
3. When finished, press **End** or hang up to disconnect.
