Mobility Lite Softphone App

Download

To download the G12 Mobility App to your smartphone (Android or IPhone), search your iTunes or Google Play store for "G12 Mobility".

Install and Log-in

Once the App has been downloaded and installed, the following instructions will assist in logging into and using the application to make and receive phone calls.

- 1. Find the Portal Login information provided by G12
- 2. In the Login Name field, input the Portal Login this should be the extension @ company domain, for example 105@G12Com

- 3. The Password will be the same as the PIN/Passwd for Portal Login or Voicemail access.
- 4. Tap "Log In" to register the SmartPhone app device onto G12 Network and allow it to connect.

- 5. Above are the three main screens: Contacts, Voicemail, and Call History. From these screens, tap a contact or recent call to place a call to that individual
- 6. The black icon in the lower right corner will bring up the dial pad.
 By clicking the icon, a menu appears for how the call should be placed.
 This allows you to choice to use G12 app or the mobile phone.
